CALLED 2/17/04

Mr. Camiollo indicated that the company might have been transacting business in Florida since 1996. That it had been paying payroll taxes on several employees who worked in an office or something somewhere in Florida. I was not previously aware of the corporation's having transacted business here. As I recall, the application has UPON QUALIFICATION The corporation did not show up on FNQ. They are sending a letter of explanation. BK 2/17/04

Re: Engineering Development Laboratories, Inc.

Application for Authority and Annual Report Filings

Dear Ms. Tadlock:

We are writing regarding the Application for Authority for DRS Engineering Development Laboratories, Inc. (DRS EDL). DRS Technologies, Inc., the parent of DRS EDL, purchased DRS EDL on November 26, 2002. DRS EDL is incorporated and headquartered in the State of Ohio.

We recently discovered that DRS EDL which also conducts business in Florida, never registered to do business with the Florida Department of State. They believed they were meeting all of their corporate filing requirements by filing payroll and corporate tax returns with the Florida Department of Revenue. Once we became aware of this issue, we came forward and filed an Application for Authority with the Department of State in October of 2003. The application was rejected because line 6 (Date first transacted business in Florida) of the application was not properly completed. We researched the issue and found that DRS EDL began doing business in Florida on January 1, 1996. When we resubmitted the corrected Application for Authority with our registered agent they informed us that in addition to the back annual report fees we would owe \$8,000 in penalties (\$1,000 for each year we were doing business in Florida and were not registered with the Secretary of State).

We feel that this is undue burden since we came forward to register as soon as we discovered that DRS EDL had neglected to do so. We also ask you to consider the fact that we only purchased DRS EDL in November of 2002 and were working on learning about the DRS EDL business during 2003. Finally we feel that the fact DRS EDL is meeting its corporate and payroll tax obligations with the Department of Revenue is also a mitigating factor.

We ask that you take all of the above into consideration and waive the late filing penalties that are due with the Application for Authority.

Please do not hesitate to contact me if you have any questions or need additional information.

Thank you for your sense of equity in reaching your decision.

Very truly yours,

David M. Cambria
