BrightFocus Foundation

Vision:

We envision a world where everyone lives with clarity, grace and good health.

Mission:

BrightFocus Foundation seeks to save mind and sight by funding innovative research worldwide and by promoting better health through education.

Program Purposes:

Alzheimer's Disease Research

Provides funds for research on Alzheimer's Disease. Awards research grants to scientists at universities and institutions across the country and around the world, whose work shows scientific merit. Also provides information to the public to combat Alzheimer's Disease, and promote better health thru education.

National Glaucoma Research

Provides funds to scientists who research and investigate different aspects of glaucoma, especially new investigators with little or no previous grant support, and established investigators with new ideas or directions for their research. Also provides information to the public to combat glaucoma, and promote better health thru education.

Macular Degeneration Research

Provides funds to junior and senior scientists who research and investigate possible causes, treatments, or prevention strategies for macular degeneration. Also provides information to the public to combat macular degeneration, and promote better health thru education.
